

Kevin Danowski

A logical thinking and hard-working Device Repair Technician with career goals set to be in Computer Science and other possible technology related work spaces.

EXPERIENCE

Alex's Lawn Care & Additional Services, Tinley Park — General Worker

October 2019 - Present

Worked as a general worker for any jobs that we had to do from the daily lawn mowing to special jobs.

- Hard labor in the sun for 10+ hours per day
- Able to work hard for long hours with my best performance

Pizza Hut, Homer Glen — Cook

September 2020 - Present

Worked as a cook as the main priority but did various other tasks/jobs while working.

- Learned team building and cooperation with coworkers
- Learning to balance lifestyles by being able to work night shifts after school and maintain both properly with my best performance

CPR Cell Phone Repair, Orland Park — General Technician

June 2021 - Present

Worked as general technician to fix all sorts of devices, offer tech help and advice to customers, and sell devices according to what the customer is looking for.

- Team building with finding the best repair process
- Learning sales and how to push products toward the customer
- Learning valuable tech repair techniques and experience

EDUCATION

Carl Sandburg High School, Orland Park

August 2018 - May 2022

Graduated with a 4.292 GPA

- Taken courses in computer science and engineering
